Success for the Terrace Fair Was Achieved

Terrace has held another successful fair, quite as successful as any previous year when the crop conditions are taken into consideration. Everything about a farm got away to a bad start last spring and during the summer did not seem to catch up with the result that that crop reports are more or less discouraging. However the farmers and gardeners of Terrace did the best they could under the circumstances, and many nice things were said by the judges, all of whom were from out of town.

This was the first two day fair and while in the past it was possible to get exhibits placed until a late hour of the evening previous, a number of exhibitors were shut out this year because the entry list was closed pretty well on advertised time. That will be out for him when judging cows and particularly pigs.

The dairy cow classes are the real competitive classes and town people and farmers rub against each other in shape. Most of the animals shown were Holstein or Holstein grade, but one guernsey grade two year old heifer stepped right up to the front ranks and switched her tail to all comers.

There was as fine a display of pigs as one could wish to see. The judge said that it was as good a lot of pigs as he had come across yet, and he also pointed out that if Terrace was going to keep up this pig business that proper pens would have to be provided. There were too many to be left in crates and boxes.

Only a few entries were made in the poultry classes. While no complaint can be made as to the high class of the birds, there should be a great many more entries, and more breeds shown. Terrace is quite a poultry district and the business should be prevented another year.

The exhibits were held in the hall of the G. W. V. A. and both the upstairs and down stairs were used. It is a splendid place for holding such a display, the building being clean, and large and airy. The down stairs part might be a little lighter. The fruit, home cooking, fancy work, flowers, etc., were upstairs while vegetables, school work, etc., were down stairs.

The school work display was an exceptionally good one. The work of the children was good, the variety of work was good and the display was excellent.

Some of the finest vegetables seen at any show in the province were on display at Terrace, and this applies also to the collection of vegetables for the special prizes. The Terrace News special was won by Mrs. Bohler.

Judge Waby of the Victoria Department of Agriculture, had his work cut more fully represented. It is good advertising and poultry is easy to prepare for the show. The directors can provide proper coops and give the exhibitors a better chance. The poultry clubs, which are assisted by the provincial government, might very well have exhibits of their birds at the fair and thus co-operate with the directors and advertise the business as well as gain a lot of valuable information as to the difference between show and utility birds.

The officers and directors are entitled to a lot of credit for the splendid show. They were up against a hard pull from the start, and as the season was unfavorable for the farms and the orchards and gardens, it was

Continued on Page 8

Charles Yoch of Houston Shot Found Tuesday

Charles Yoch of Houston was discovered buried in the cellar under his shack on Tuesday morning last with a bullet hole through his head.

The police at Smithers were notified and have since been investigating the affair, but as yet nothing has been reported giving light on the matter.

Yoch was a bachelor who settled on his farm at Houston some fifteen or more years ago. He was about 45 years of age and was very highly regarded by his neighbors and friends. He was well known to Mr. and Mrs. Joe. Allen of Houston, but who have recently moved to Hazelton. They were neighbors of the dead man and when they learned of the news they could advance no reason for anyone committing such a deed.

Yoch had not been seen about for the last couple of weeks and neighbors investigated to ascertain the reason. It is estimated that he was shot about the 9th of September.

The funeral of Charles Yoch was held on Wednesday afternoon and interment took place at Houston.

FIRST CARLOAD OF COAL

Will Arrive in New Hazelton on or About October 1st—Orders may be Left at the Herald

On or about the first of October a carload of coal will arrive at New Hazelton from the Betty mine at Telkwa. Orders for coal may be left at the Herald office and the coal will be delivered from the car at a considerable saving to the consumer. The price this year will be not more than last year and possibly a little less and all orders are cash only. The Betty coal is a much superior coal to any that has yet come out from Telkwa. It is expected that once the Betty coal on the market that it will supplant all other coals for domestic purposes. It will also be giving employment to a number of men right in this district. F. M. Dockrill is operating the new mine. He has a good crew of miners on the job now and there is also work being done on the road. All coal will be cleaned and screened so that there will be no slack and no dirt.

MOTORED FROM VANCOUVER

Three young men, John A. Vogwill, George White and Charles Hobson of Vancouver, called at the Herald office Friday last. They were on a motor trip from Vancouver to the end of the road, and the end of the road was at First Cabin on the Yukon Telegraph line. They had a wonderful trip all the way through and found fine weather and excellent roads all the way. Special reference was made to the stretch from Smithers to New Hazelton. Almost any speed could be made at most points along that fifty miles. The boys hoped to get a moose on the return trip.

CHILDREN'S CLUBS IN THE EAST

Word has reached Ottawa that the province of Nova Scotia is jumping ahead rapidly in boy's and girl's farm club work. There are more than 2,000 members in that province this year working on various farm projects and the number of clubs is 133. Last year there were 70 clubs and the year previous to that only 25 clubs.

There are 42 girls clubs for sewing, canning and cooking work with a total of 633 members. Calf feeding clubs

NEWS LETTER PRINCE RUPERT

Prince Rupert will hardly seem the same with Morte Craig away. He finally got away last Sunday evening and a lot of friends were at the boat to bid him farewell. He sailed on the Princess Louise for Victoria where his daughter lives, and in Victoria he may decide to live in future. In the meantime Morte says he has the wanderlust and possessing means and leisure he may gratify that lust. He has referred to Italy, Palestine, the colorful lands whose historic shores are washed by the Mediterranean.

The election case is marking time. The four men involved have been committed for trial, but in whose court the charges will be heard seems, at this writing, to be uncertain. Possibly the asizes to take place here next month will hear them.

Prince Rupert is back to normal. The crowds that flocked this way to revel in the fair and to listen to the blandishments of side show barkers, have gone home. The Indians (who, by the way, left a pile of money here) have laid in supplies for the winter, a season when they do not fish. They also, have departed. The brilliant sunshine that flooded Prince Rupert for weeks and weeks has gone. The citizens have shaken out their slickers for it is autumn, the time of mellow fruitfulness and showers and bazaars and guesses as to who is going to be next mayor.

Hazelton will probably see some time this week the Fisher brothers who are navigating a canoe over a greater portion of the North American continent. Back in 1929 amid a lot of dubious remarks from their fellow townsmen in Waterways, Alberta, they paddled away to the north, even to the Arctic coast. From there they made their way to the Yukon, over to Alaska and thence down the inside passage to Prince Rupert. From here they will ascend the Skeena and then on to Alberta where the lordly Saskatchewan will bear them to Lake Winnipeg. From there they plan to reach the Mississippi and follow that stream to the Gulf of Mexico. They look hard as nails, after more than a year fighting good old Mother Nature and the cold blue waves of Dixon Entrance.

WEDDING BELLS AT KITWANGA

A very pretty wedding took place at Kitwanga on Thursday, September 15 at the residence of Mr. and Mrs. Hobenshild when Mrs. Martha Simpson became the bride of Archibald Campbell, pump engineer of C.N.R. The ceremony took place under a beautiful floral bell and was performed by Rev. T. H. Wright, B. A. of Hazelton United Church, both the contracting parties being members of that church. While the registrar was being signed Mrs. R. A. Sampare sang very sweetly "I Love you Truly." The bride's attendant was Miss Mabel Hobenshild and the groom was assisted by Robt. Burton. After the ceremony the numerous guests sat down to a wedding dinner. The happy couple were recipients of many well wishes for a happy journey through life.

number 36 with 565 members. Garden clubs have 371 members and the poultry clubs membership numbers 267.

Geo. Chappell Body Found at The Nash Boom

The body of George Chappell was found among the logs at the Nash boom on Monday morning soon after eight o'clock when the men went on shift. The police were notified and they left Hazelton and went down to remove the body and bring it back to Hazelton. Dr. L. B. Wrinch examined it in the afternoon. The coroner decided that an inquest was not necessary.

The funeral of George Chappell, the eight year old son of Mr. and Mrs. A. D. Chappell of Hazelton, was held on Tuesday afternoon at two o'clock from the Church of England. Rev. Mr. Bannister officiated. Interment took place in the Hazelton cemetery. The pall bearers were Wm. and John Sargent of New Hazelton, Bernard Hindle, Neil Sterritt and Harold Wrinch. There was a very large number of the citizens turned out in respect for the family of the deceased and there were many floral offerings.

The little fellow was drowned in the Bulkley river on Wednesday afternoon, September 3 when he was bathing and playing on a plank at the slough with a number of other little boys and girls. The body was carried away by the swift water of the Bulkley, and while efforts were made to drag the river no trace of the body was found until the morning of the 15th.

Terrace Notes

One of the sights of Terrace now is George Little strutting about with his pipe. He won it pitching horse shoes at the fair. He is now daddy of all the pitchers having beat Lever Saturday afternoon at the play off.

Who stole the doors from the bath house at Lakelse Lake? You need not send in your name, but put the doors back because the ladies are out on the war path for the culprit and they are going to get him, her or it.

Grand Master of the Oddfellows, J. C. Brown of Cumberland, V. I., paid an official visit to Terrace last week. He talked to the members on "Good fellowship." There was a large number of members present.

After thirteen years residence on Lakelse Ave. Grandma Little's home was broken up on Saturday last and she has been moved to the residence of her daughter, Mrs. Thos. Brooks on Park Hill. While Mrs. Little is of advanced years and has been confined to her bed for the last four years following a fall, she stood the moving very well and is quite comfortable in her new quarters.

A one o'clock bridge luncheon at the summer camp of Mrs. Ardagh and Mrs. Duncan proved a most enjoyable affair last Saturday. The hostesses entertained a number of friends from Terrace.

Word has been received that Geo. Dover, Jr., who is on a visit to Ontario with his mother, has been laid up with blood poisoning.

The Baptist services held in G.W.V. A. by Mr. Blackaby were brought to a close last Sunday evening owing to the removal of the minister who is also manager of the Royal Bank. He is leaving the end of the week for Williams Lake.

L. H. McKenzie was in Rupert.

Rural Deanery Of Hazelton in Session Terrace

A meeting of the members of the Rural Deanery of Hazelton was held in Terrace on September 10 and 11. The visiting members were provided with hospitality by the kind invitations of the members of St. Matthews Anglican church. On arrival the members were provided with breakfast in the rectory, and the meetings were opened with a celebration of the Holy Communion, at which rural dean Rev. Mr. Swetnam was the celebrant. Problems of organization and administration were discussed, and opinions were expressed as to the causes of the present religious situation. Secretary Rev. L. J. Hales was directed to convey to Mrs. Marsh the deepest sympathy of the members in her bereavement. A vote of welcome and continued loyalty was passed to be forwarded to the bishop of the diocese on his turn to Canada from England. Many college friends met and enjoyed old memories together. Those present were:—Revs. the Dean of Caledonia, Mr. Sweetnam, B. Proctor, L. J. Hales, L. F. L. Bannister, E. A. McCarthy, and Messrs. Jas. Proctor and Hinchcliffe. Miss Bridges and Miss Stead were warmly welcomed; they are members of the Church of England Sunday School by Post, travelling in a motor caravan to outlying districts for the purpose of instructing the children. It is hoped that the future deanery meetings will be held every four months. The next meeting will be held in Smithers at the invitation of Rev. Mr. Hales, some time in January.

Want Price of Silver Stableized

Resolved that this meeting place before the governments of the Dominion of Canada and the Province of British Columbia the earnest desire of the people of the Omineca Mining Division for action by the government aiming towards the stabilization of the price of silver by international agreement and urge the Dominion government to do everything possible in support of that purpose at the International Conference called by the government of Mexico and also at the Imperial Conference in London in October next, and that copies of this resolution be sent to Hon. R. B. Bennett, to the new Minister of Trade and Commerce at Ottawa, to the Minister of Mines at Ottawa, to the Minister of Mines at Victoria, B. C., John A. Fraser, M. P. for Cariboo, Olof Hanson, M. P. for Skeena, and to the British Columbia Chamber of Mines in Vancouver.

The above resolution was passed unanimously and enthusiastically at a public meeting held in Smithers on Wednesday evening, Sept. 10, under the auspices of the Chamber of Mines. It was felt that the matter was of a general and vital importance in Omineca Mining Division that no effort should be spared to carry on the most active possible campaign until definite results have been achieved.

At this meeting, J. A. Rutherford was appointed vice-president to succeed the late Frank Taylor.

Further collection of ores is being made with a view to enlarging the exhibit at the chamber of mines at Vancouver.

Mrs. Durant of Prince Rupert was a guest of Mrs. A. H. Swain during the past week.

Newfoundland And Canada to Work Together

Ottawa—Special to Omineca Herald—Acquaintance and understanding between Canada and Newfoundland are now being sought. By distance the two Dominions are not far apart. It is only 154 miles from North Sidney Nova Scotia to Port au Basques, New Foundland, yet the two people do not mingle, and do not know each other. On neither side can it be said that there is an intelligent conception of the others problems.

One of the first common ties which has existed between the two adjacent British Dominions is the recent entry of Newfoundland as a member of the Good Roads Association. Due to this a full measure of cordiality will be extended to Newfoundland at all the conventions throughout the years.

Newfoundland is a generous buyer of Canadian merchandise. Exports ports to the island colony are over \$12,000,000 a year. Apart from the iron ore mined by the British Empire Steel Corporation at Belle Island, Canada buys less than a million a year from Newfoundland. Her imports from the United States are \$9,000,000 and from the mother country only \$5,000,000.

Representatives from the Newfoundland government will attend the annual convention of the association to be held in Quebec in September and all future conventions and meetings of the interprovincial conference. Already the ancient colony has extended to the association an invitation to hold the annual convention in St. John's. It is expected that the new association will be one of the outgrowths of Newfoundland's participation in the deliberations of the Good Roads Association will be a greater measure of understanding and sympathy between

Premier R. B. Bennett is making a lot of progress in the House of Commons and he succeeded in getting a vote through of \$20,000,000 for the relief of unemployment. This money is not for graft purposes and not for the dole system, but for legitimate work to be done through the winter, and work that will be an asset to the country in future. Some of the things to be done will be highway construction, railway construction, and other development propositions. The money is to be spread over all provinces and the provincial government and municipalities are to co-operate with the Dominion. The greatest difficulty the government will to contend with will be to keep the pigs out of the pork barrel. All imaginary relief-needs will be harping loudly for part of that \$20,000,000 on the grounds that they need the profit while the citizens are only needing bread.

The road from New Hazelton to the eastern boundry of Skeena, a couple of miles past Telkwa, is in excellent condition. It never was so good and a car can make 35 to 40 miles an hour with perfect safety. Good work has been done on the roads this year. It is now time to consider the matter of dividing the northern part of the province into more engineering districts. The man at Prince Rupert and the man in charge of Prince George and the Cariboo have double the territory to cover that a man can cover and do any justice to the roads. It is true a man is located at Smithers to assist the Prince Rupert man, but that is not turning out as satisfactory as might be expected. If the Smithers man was placed in authority over the district from Terrace, say to Burns Lake and include the Lakes district, that would give the other two men a much smaller area to cover and the central district would be given greater satisfaction. Work would be snappier and most of the present difficulties would be removed.

Olof Hanson, M.P., for Skeena, has been elected whip for the Liberals from B. C. That will give Olof some thing to occupy his time and keep him on the job, although the duties will not cause him to loose much weight.

Prince Rupert is one of the bright spots in the country today. Very few are out of work there if any. The merchants have had a good year and the prospects are good for the winter.

MINERAL ACT Certificate of Improvements NOTICE

Richfield group of mineral claims (Red Top, Last Chance, Lucky Boy, Reno, Viola Fractional, Francis, Wesley, Lucky Strike) situate in the Omineca Mining Division of Range V, Coast District. Located eight miles northerly from Topley, B. C.

Take notice that I, J. A. Rutherford F.M.C., No. 27905D, agent for the Topley Richfield Mining Co., Ltd., Free Miners' Certificate No. 35616D, intend sixty days from the date hereof, to apply to the mining recorder for a Certificate of Improvements, for the purpose of obtaining a crown grant of the above claims.

And further take notice that action under section 85, must be commenced before the issuance of such Certificate of Improvements.

Dated this 14th day of July, A. D. 1930.

The Terrace Fair

Continued from Page 1
difficult to create the interest necessary for a real bumper show.

At ten o'clock in the morning of the second day, Friday, Dr. Bamford of Smithers, president of the Smithers Fair, made a little speech and declared the fair formally and officially opened. The only form of entertainment provided was a horse-shoe pitching contest which was open to the entire world. It was late in getting under way, and there was a little rain off and on, so that the final results were not known until Saturday when Geo. Little beat Lever. Then there was the dance on Friday night which made a good ending for a successful fair.

Secretary Will Robinson did a lot of hard work and effective work, and Robt. Corlett, the old standby, was on the job all the time.

LIST OF PRIZE WINNERS

Section 1—Cattle

Calf, F. Frank, C. H. Thomas.
Yearling, J. P. Harrigan, J. C. McConnell.
Two year old heifer, Harry King, J. C. McConnell.

NOTICE

Notice is hereby given that on and after August 1st, 1930, lands in the Railway belt and Peace River Block recently retransferred to the Province by the Dominion, come under the administration and land laws of the Province.

It is the desire of the government to foster settlement in conformity with these regulations, and furnish all the available information to assist this end, but no consideration will be given persons squatting upon or entering into occupation of such lands without authority.

Short Stories

Close to Home

Mr. and Mrs. Albert Chappell and Miss Vivian wish to extend their most heartfelt thanks to all those who expressed their sympathy, kindness and help in their bereavement, also for flowers, especially for the flowers from the Sunday School class of the United Church.

The District Conservative Association for the provincial riding of Skeena will meet on October 8th for the election of officers and also for the selection of a candidate to contest the next provincial election.

The grain crops throughout the Bulkley Valley were not up to much this year. There may have been an odd field that produced something, but generally the crops were poor. One of the bigger farms had the threshing outfit on the job last Saturday morning and the grain was all in the bins in just one hour and a half.

The crops in the immediate district around New Hazelton were not too awful bad. Hay was short but there is not the demand for hay now that there was a few years ago. There will be less this year with little or no work going on in the pole or tie camps and there is nothing doing at the mines. It looks like next winter will be a good time to go and visit friends and relatives.

Miss Stella Maxwell of Toronto is a guest of her aunt, Mrs. L. York.

Miss Helen Randall of Vancouver registrar of graduate nurses, paid a visit to the Hazelton hospital last week, the first visit for a couple of years.

Gus Timmermeister of Telkwa was a passenger south on Friday. He is going to Vancouver and Trail on business.

P. Hughan came in from the Nans last Saturday and left Monday for the coast.

Mrs. A. Goodenough of Smithers is a guest of Mrs. C. W. Dawson.

Dr. Leonard B. Wrinch arrived in Hazelton Saturday night after attending the British Empire Medical convention at Winnipeg and also spending a few days around Vancouver and Victoria.

A son was born at the Hazelton Hospital on September 10th to Mr. and Mrs. Chas. McIntosh of Hazelton.

Last Wednesday night a car driven by Simon Morrison and carrying Fred Gun-a-noot and two Indian women as passengers, was upset at the Two Mile corner and the car was badly damaged. One of the women was badly injured, and has since been in the hospital. The two men appeared before Indian Agent Mortimer on a charge of being drunk and they were fined.

Many old friends were glad to see Everett Greenaway, a former teacher at Kispiox, when he blew in from Aiyansh the end of the week spent Sunday, had a bath and left for the sea shore on Monday. He has been in the Nans all summer with a survey party, and this fall he intends to attend the U. B. C. He is looking well and feeling very fit.

Phillip Hoskins of New Westminster returned to his home in Smithers last Saturday night for a short holiday with his parents.

Mrs. A. D. Chappell left last Sunday in company with her sister, Mrs. Smith, for San Francisco for an extended visit. Miss Vivian Chappell accompanied them as far as Prince Rupert and returned Monday evening.
